Dear Parents/Carer,

In order to support the education and progress of students in the Academy who are self-isolating, but would be otherwise well enough to attend, we are providing online work provisions so they do not miss out on their curriculum. All online work can be accessed via Google Classroom using their Academy username and password. Details of the provision are provided below.

**KS3**

Students will follow the timetable shown, with 3 lessons each day. Work will be assigned to them on Google Classroom, following the normal curriculum they would complete in school to prevent them from falling behind. This work will be located on their Knowledge Organiser Google Classroom. If you are experiencing problems with this work please contact their Head of Year for support:

Due to the specialised nature of the curriculum at this level we are introducing live lessons for students who are self-isolating. On their Notice Board Google Classroom, there will be a post each morning containing the links for the live lessons. Students should ensure that they turn off their cameras and microphones and use the online chat to communicate with their teacher. Live lessons are private, only accessible to staff and students in North Birmingham Academy, and will not be recorded.
